

BEAUMONT

Composite Windows

products without compromise

BEAUMONT

Composite Windows

a new concept in window design

Patent Pending Design

- With the traditional aesthetics of timber and the modern low maintenance of PVC-u, you will get the best of both worlds with the Beaumont composite window.
- An innovative sash corner jointing system replicates the look of timber and makes the Beaumont composite window a genuinely unique product offering.
- The Beaumont is UK designed and manufactured ensuring we have complete control of the product giving you piece of mind over your investment.
- A joint like no other. Whether on the frame or sash, our craftsmen scribe, by hand, each intricate component to exceed your expectations.

Low Maintenance

- Benefitting from the same maintenance levels as a standard UPVC window - there is no trade-off between functionality and aesthetics.

No Compromise on Security or Weather Tightness:

- The Beaumont window has exceeded the stringent testing criteria of the British Standards for both security and weather tightness:
 - BS 7950
 - BS 7412

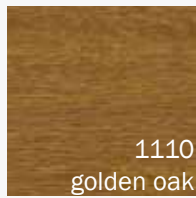

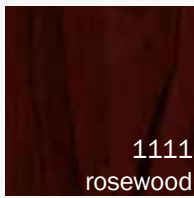

a range of beautiful finishes

Take advantage of the fantastic colour choice shown on this page to tailor the Beaumont to your home.

Premium Woodgrain Structure

1096
RAL 9001
cream white

BEAUMONT

Composite Windows

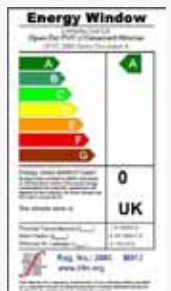

thermal performance & ironmongery

Window Energy Ratings

In the same way boilers and fridges are rated according to their thermal efficiency, Window Energy Ratings (WERs) provide a way to compare the thermal performance of a window. You will be pleased to learn the Beaumont window is 'A' rated as standard, meaning you will lower your heating bills and reduce your carbon footprint.

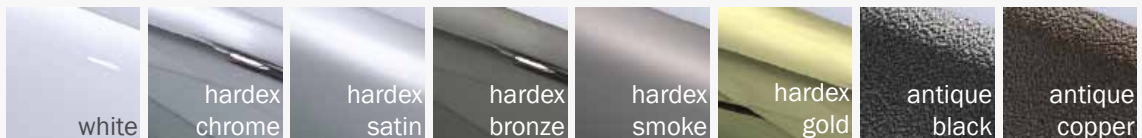

Ironmongery Options

Choose from our contemporary and traditional collection to complete your design choice.

Contemporary

A vast array of finishes are available in this sleek design to suite with your choice of door hardware.

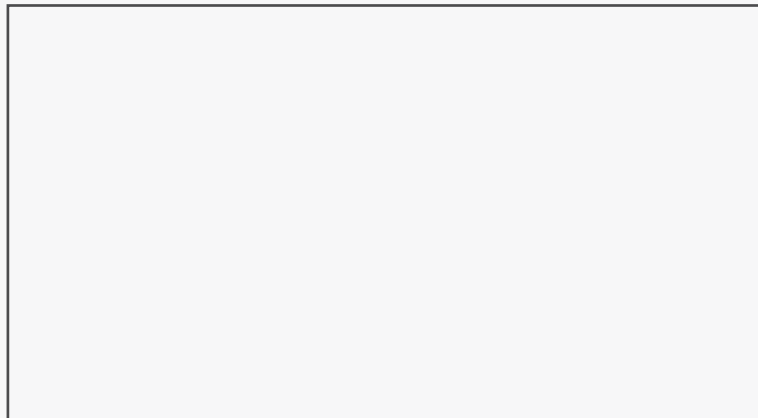

Traditional

Monkey-tail handles are available together with casement stays to complete the heritage appeal of your Beaumont windows.
